

# Ban Greyhound Racing in Southeast Asia

GREYHOUNDS ARE PETS NOT BETS!

Greyhound Racing /dog racing industry is BARBARIC from cradle to the grave greyhounds suffer horrific cruelty and end their days by being tortured and murdered. This is happening across the globe in countries such as UK, Ireland, USA, Spain Australia, Mexico, Argentina, Pakistan, UAE Canada and in particular in SEAsia in Vietnam Cambodia China Korea and also Africa South Africa Botswana and many other countries.

Greyhounds in Ireland, UK, Australia, New Zealand, Spain, and USA are being exported to China Korea Vietnam Cambodia and Southeast Asia for racing, breeding and when they no longer make the grade or are surplus to requirements they are used for hunting, dog fighting and eventually sold off to the demonic Dog and Cat meat Trade where they are tortured and skinned alive alongside side other suffering dogs and animals for human consumption.

## VIETNAM

Greyhound racing was introduced by Nygen Ngoc My in 1999 to Vietnam. He was granted a 25-year license in 1999 to expand development of Greyhound Racing and Breeding in Vietnam and a 30-year license to develop Greyhound and Horse racing in Cambodia. With the help of greyhound trainer Phil Bell his wife and John Newell who was also responsible for the over breeding of Greyhounds in China.

Initially 800 greyhounds were exported to Vietnam to initiate Greyhound racing and breeding in 1999. The Greyhounds were bred at the Ba Ria Greyhound breeding farm which is approx 40 minutes from the track. Greyhounds can breed up to more than 12 pups which means over 21 years there has been thousands and thousands of countless Greyhounds that have been bred and murdered as there has been **NO REHOMING of any Greyhounds.** From Cradle to the grave all these greyhounds have been born into a life of abuse and torture from being over bred, race to death, being kept in the most horrific conditions and killed when surplus to requirement or ending up in the horrific dog and cat meat trade to be slaughtered.

Nguyen Ngoc My and his companies and business associates have the blood of thousands and thousands of greyhounds on their hands. He has been exposed by the media that his racetracks Greyhounds that fail the grade, or sustain injuries or are no longer fast enough or surplus to requirements are being killed every month at the race tracks this is widely known as the ' KILLING DAY '. where these poor greyhounds are injected with painful poison into their hearts to DIE A SLOW AND PAINFUL DEATH.

It has also been documented that greyhounds many have been sold to the barbaric dog and cat meat trade to make further monies from them. Nguyen Ngoc My has built a second track at Xuan Thanh beach, Ha Tinh where he was born and is currently residing, located in Hoa Tien. They have been racing Greyhounds/Dogs at that track there since 2017.

This second Greyhound/Dog track is going to add to further painful and tortuous deaths of more Greyhounds and other animals. Nguyen Ngoc My is using the guise of the casino/hotel resort to deflect from the horrific suffering and murder of the Greyhounds at his hands. He is also trying to using Greyhound racing to boost tourism to Vietnam.

The 25 years license Nguyen Ngoc My was originally given for Greyhound Racing in Vietnam is due to be reviewed in 2024. This license should NOT be renewed. Ngoc My also has the license for development of Greyhound racing in Cambodia which is also due to be reviewed in 2029 and this also should NOT be renewed.

### The Horrific Dog and Cat Meat Trade in Vietnam

It's estimated over 10,000 dogs a month are being transported across Vietnam in horrific conditions without food or water cramped into tiny cages . The majority of these dogs are stolen pets and strays who have been dog napped mainly from Thailand and any other regions . They are taken to holdings where they are fattened up for the kill and then transported to the barbaric slaughtered houses and live animal markets to be torched and skinned alive along side other suffering animals.

The Vietnamese Government and Governmental bodies are also using Greyhound Racing/Horse Racing as a ploy to bring tourism to Vietnam. This will FAIL as Greyhound racing is globally recognised as inherently CRUEL and BANNED in many countries around the world such as the USA South Africa Argentina,Brazil and many more countries are in the process of Banning it. The Greyhound racing industry is in DECLINE. It is Not a sport or Tourism and Animal Cruelty will not be tolerated by the global public.

We are making a of international stand alongside other animal protection and greyhound rescue groups TO BOYCOTT Vietnam until they:
