

Greyhound Racing in Southeast Asia

Greyhound Racing /dog racing industry is BARBARIC from cradle to the grave greyhounds suffer horrific cruelty and end their days by being tortured and murdered.

This is happening across the globe in countries such as UK, Ireland, USA, Spain Australia, Mexico, Argentina, Pakistan, UAE Canada and in particular in SE Asia in Vietnam Cambodia China Korea and also Africa South Africa Botswana and many other countries.

Greyhounds in Ireland, UK, Australia, New Zealand, Spain, and USA are being exported to China Korea Vietnam Cambodia and Southeast Asia for racing, breeding and when they no longer make the grade or are surplus to requirements they are used for hunting, dog fighting and eventually sold off to the demonic Dog and Cat meat Trade where they are tortured and skinned alive alongside side other suffering dogs and animals for human consumption.

Greyhounds Exported from USA to China

There has been several Greyhounds Exported from the USA to China. Below is evidence of some greyhounds that have been discovered and there It should say there are countless greyhounds who are facing the same horrific treatment in countries like SEAsia where they are overbred raced to death and when surplus to requirements sold on to the barbaric Dog and Cat Meat trade.
